

### **REMARKS/ARGUMENTS**

The January 19, 2007 Notice of Non-Compliant Amendment indicates that the previously amended title did not provide markings to indicate changes made. In response, Applicants provide the amended title with relevant markings.

The Notice also indicates that the rejection of claims 11 and 12 under 35 USC 112, second paragraph was not addressed. Respectfully, Applicants traverse and note that the October 31, 2006 Amendment stated that the amendment to claim 9 does "address the objections to claims 10-12 under 35 USC 112, second paragraph."

More explicitly, the amendments to claim 9 clarify that the chemical data is "2-dimensional or 3-dimensional chemical data." The amendments remove any ambiguity as to what data is being referred to in claims 11 and 12. Accordingly, claims 11 and 12 are clear as to the data being claimed. This addresses the rejection to claims 11-12 under 35 USC 112, second paragraph.

No fee is believed due. However, the Commissioner is hereby authorized during prosecution of this application, to charge any fees that may be required (except for patent issue fees required under 37 CFR §1.18) or to credit any overpayment of fees to Deposit Account No. 50-0337. If an extension of time is required in connection with this paper, please consider this a Petition therefor and charge any fees required to Deposit Account No. 50-0337.
